Abstract

This document exercises the v1 layout and citation state engine.

1 Citation State

The first note gives a full case citation.¹ The next note repeats the same authority.² A mixed note keeps separate authorities in the same footnote.³ The article later becomes a supra note.⁴ The case later uses a legal short form, not a supra note.⁵ A shorthand source may be introduced.⁶ The shorthand repeats compactly.⁷

^{*}The author note is printed as a title footnote and reset before body notes.
